

Notice of Privacy Event

On March 17, 2025, it was discovered that Event Medicine staff (Good Samaritan Hospital Service line) were reporting the name and minimal demographics for a small group of attendees who received first aid at the games with the event organizer between March 2023 and September 2024. These were not authorized disclosure.

Upon discovery the reporting process was immediately halted. Additionally, Event Medicine staffs were re-educated on applicable to corporate policies regarding protection and confidentiality of the information
