

CASE FOR SUPPORT

# Women's Services

*From adolescent gynecology and comprehensive maternity to high-risk obstetrics, infertility, specialized gynecology, and post-menopausal health, our team is Cincinnati's largest network of Women's Health providers.*

The health of women throughout Hamilton County is directly related to the health of our families and our entire community. That is why the Good Samaritan Foundation is dedicated to supporting TriHealth Women's Services. The medical issues that face our community are alarming, and we have to address them head on, today!

Women's Services is committed to providing exceptional, holistic health care to women throughout Greater Cincinnati in order to make a profound impact on the entire community. We are not only focused on treating our community today, but we are also looking to the future of health in our region.

From adolescent gynecology and comprehensive maternity to high-risk obstetrics and specialized gynecology, Women's Services at TriHealth is dedicated to serving women in Greater Cincinnati. We are asking for your to help make an impact on the health of our mothers, grandmothers, spouses, sisters, aunts, cousins, and friends.

“ Good Samaritan Hospital is the leader in Women’s Services in our community. Through our quality and advancement of care initiatives we have been able to detect breast cancer earlier, decrease preterm birth rates in high risk populations and provide innovative ways to manage fibroids. We continue to strive to create care that is provided without barriers. Our goal is to provide everyone with the most appropriate and highest quality care in order to create the best outcomes possible.”
