

COMPASSIONATE giving

Biannual News from Good Samaritan Hospital Foundation • Spring 2018

Creating Change

Dear Foundation Family:

When you give to others, you are creating a positive change in their lives, the lives of their loved ones, and our entire community. As you will see in this issue, there are many ways to create change, and I thank each of you for making this impact possible.

For an astonishing 34th year in a row, The Good Samaritans brought us together to make a collective change for our patients and community through their annual Gala. As the photos inside show, fun was had by all! Throughout an evening of Illusions: Expect the Unexpected, our family dined, danced, and enjoyed a variety of entertaining activities. What was no illusion, however, was the impact you made: transforming care for patients with addictions through Good Samaritan Hospital's Behavioral Health Services Drug and Alcohol Treatment Program, and providing annual support of Good Samaritan Free Health Center and the Medical Education Research Fund.

You, our Foundation Family, also create change through your generous individual gifts that support many areas throughout Good Samaritan Hospital, College of Nursing and Health Science, and Free Health Center. Every gift makes a difference, and in this issue we are honored to recognize those members of our Lifetime Giving Societies beginning on page 11.

I am so appreciative you trust Good Samaritan and partner with us to make these changes a reality for the people we serve every single day. It is a joy to share with you the impact you make and the change you create for patients, families, physicians, caregivers, and our entire community.

With gratitude,

A handwritten signature in black ink that reads "Mary L. Rafferty". The signature is fluid and cursive, with the first name being the most prominent.

Perinatal Programs	Maternity Education Materials
Ambulatory Care Coordinator	Funds for transportation to and from office visits
GS Free Health Center	Patient transportation, emergency pharmacy needs, point of care A1C testing, measure cups/spoons and crockpots
10 FG	2 Medication Carts
Guild Gift Shop	Space Upgrade

2017-2018 Good Samaritan College Campaign

Good Samaritan College's annual fund is a critical source of revenue for sustaining the high quality, hands on clinical experience that has prevailed for over 120 years. We are midway through our annual campaign with a goal of raising \$132,000. One of the most powerful and immediate

ways you can help students is by making a gift to the annual campaign. Your support will have a direct impact on each student's experience, and ensure GSC remains a leader in preparing the nurses and allied health professionals of tomorrow.

| To learn more about how you can support GSC, contact Nancy Herzog at 513.862.3374 or Nancy_Herzog@trihealth.com.

Tracy Larkin, Gene Bengel and Yvonne Alston

Team Member Campaign

More than 291 team members have given to the Team Member Campaign helping reach the TriHealth goal of \$225,000. Nearly \$151,000 has been raised to fund areas that are near and dear to the Good Sam Region.

Gifts from team members help support those in need within our community as well as help boost team members during a time of crisis. Thank you!

| To learn more about how you can support Good Samaritan Hospital Foundation through the TriHealth Team Member Campaign, contact Beth Todd at 513.862.1356 or beth_todd@trihealth.com.

Homegrown Gratitude

Lou and Joyce Christy believe in the power of home, family, and generosity. They were both born and raised in Middletown, Ohio, and have lived in Middletown all their lives except for one ten year period. It is their hometown roots and Lou's health journey that brought the Christys to Dr. J. Michael Smith and Good Samaritan Hospital.

Lou has a history of heart problems that began with a first heart attack at age 26 and at age 49, septuple bypass surgery. The Christys knew Dr. Smith during his teen years at Middletown High School and were excited to reconnect when he was invited to speak at a Middletown Heart Association meeting. At that presentation Dr. Smith advised Lou of his ongoing heart problems: "Don't ever let anyone tell you there's nothing that can be done; we are developing new procedures all the time."

Both Lou and Joyce kept this in mind, and they consulted Dr. Smith at a later date when Lou was experiencing severe chest pain. That resulted in Dr. Smith performing a laser heart procedure called TMR that greatly improved Lou's quality of life. Several years later Lou again returned to Good Samaritan for surgery to have a gastrointestinal tumor removed and most recently had back surgery. Through each experience, the Christys were impressed by the treatment Lou received at Good Samaritan. "I felt the caring, without a doubt," says Lou. Joyce adds, "We really feel the Christian influence when we're there."

Because of their gratitude for Good Samaritan, Lou and Joyce wanted to support Dr. Smith's work in enhancing

Lou and Joyce Christy

cardiothoracic and robotic-assisted surgery that is gaining national recognition. "I think we're all obligated to give something back, and it's wonderful to give something back to someone who has given so much to you," Lou remarks. "He is a very caring doctor and goes the extra mile. And he's just as dedicated to his family, which shows a lot of character," Joyce notes. That is why Lou and Joyce have made gifts to the Dr. J. Michael Smith Program Advancement Fund through Charitable Gift Annuities, or CGAs.

"It is a great way to give back, and not many people know about it," says Lou of CGAs. A CGA is a contract under which a charity, in return for a transfer of cash or marketable securities, agrees to pay a fixed sum of money for a period measured by one or two lives. "It is mutually beneficial to the hospital and to us. We are able to help Dr. Smith and the hospital down the road, and it helps us now when we need it," Lou explains. "Dr. Smith is giving the best to his profession, so we wanted to give back to him. We hope these gifts help others to survive cardiac problems and have a better quality of life."

Lou and Joyce Christy's commitment to home, family, and generosity will impact the lives of countless individuals and their loved ones for years to come.

Angel without Wings

After Jason Sedler was born at Good Samaritan Hospital to parents Joe and Sue, his great-grandmother called him the family's "angel without wings." This name stayed with Jason throughout his life, and could not be a more accurate representation of his 36 years on this earth.

Jason was born with multiple health complications that kept him in the NICU for three weeks. Testing culminated in a diagnosis of an abnormal Chromosome

22. This meant Jason's physical health problems would continue and be accompanied with mild developmental delays that would require 24 hour care. A nurse by occupation, the choice for Sue was easy: she left her job to stay home and care for Jason. Originally, doctors gave him only one year to live. But Jason defied the odds, and throughout the years he touched more lives than Joe and Sue could have ever predicted.

"At the beginning, we didn't know if Jason was going to live. Then when we learned he would have lifelong challenges, we were so worried about him. We went through the 'why did this happen to us' feelings," says Sue. "But as time went on, we realized what a blessing he was and how lucky we were to have him. He touched everybody he met in a positive way. He was so happy all the time." Joe agrees: "He was so pure, innocent, and genuine. He always asked how others were doing, and seldom wanted anything for himself, except to spend time with you."

When asked about favorite memories of Jason, Joe and Sue smile, laugh, and occasionally get misty-eyed. He loved Skyline Chili; his service dog, Maggie; going camping with his parents and three brothers; and going for a ride to get a milkshake with his dad. Most of all, Jason's favorite thing to do was simply to spend time with those he loved.

Joe and Sue recount that even though much of Jason's life was spent tending to his health, he was still incredibly positive.

Sue and Joe Sedler

Around 2010, Jason's pediatric doctors told Joe and Sue that he needed to transition to an adult care environment. This brought the Sedlers back to Good Samaritan Hospital, where Jason's care originally began. For the next five years, Jason was in and out of Good Samaritan on a regular basis.

Throughout their time at Good Sam, the nursing teams became extremely important to Jason, Joe, and Sue. "The nurses at Good Samaritan were very compassionate,

which made the experience easier," says Joe. Sue underscores this point, saying, "Good Sam became our second home. All the nurses got to know Jason and just loved him. He was like bright sunshine." Eventually, it was determined that Jason's kidneys would never work on their own again. Faced with the hardest decision of their lives, Joe and Sue made the loving choice to let him go. "We finally had to surrender to it," remarks Joe. Jason passed away in August, 2015, at the age of 36.

In order to keep Jason's sincerity, positivity, and bright light shining, Joe and Sue have created an endowed scholarship in Jason's name at Good Samaritan College of Nursing and Health Science. "Because we had such a blessing with Jason, we have been looking and looking for ways to give back. Learning about the Foundation and the College of Nursing really hit home, because the nurses played such a big role in Jason's and our lives," explains Sue. "The difference in having a compassionate nurse totally changes your whole experience, and we want to be part of making that happen for other people."

Joe and Sue Sedler, as well as their three living sons, are proud that Jason's example and legacy is living on through his scholarship that will foster understanding, acceptance, and compassionate care for others. "He knew what was really important. Everybody was his friend, and he would find the good in everything," note Joe and Sue. To all he met, Jason Sedler was indeed an "angel without wings" here on earth. Now that Jason has his wings, he continues to bless the lives of others through the impact of his legacy at Good Samaritan and beyond.

Felicia Burger and Dr. Robert Burger,
Melissa Auvil and Dr. Dallas Auvil*

EVENT SURPASSES GOAL - RAISES \$556,000 TO SUPPORT GOOD SAMARITAN HOSPITAL BEHAVIORAL HEALTH

The Good Samaritans' 34th Annual Gala – Illusions – Expect the Unexpected – surpassed its goal and raised \$556,000 to benefit Good Samaritan Hospital Behavioral Health Services for a Drug and Alcohol Treatment program. The treatment programs will provide enhanced medical treatment options for our patients, hire chemical dependency specialists, provide education to team members and coordinate with community partners and providers. Funds will also provide annual support to the Good Samaritan Free Health Center and Medical Education Research Fund.

More than 720 supporters of Good Samaritan Hospital Foundation attended the event to celebrate this achievement at the Hyatt Regency Cincinnati, enjoying cocktails and a gourmet dinner that featured entertainment from mentalist/magician and the Quick Change Artists. After dinner, guests donned capes and masks and light-up glasses and necklaces to dance to the music of Endless Summer Band. In addition to dancing, guests were treated to wine bottle ring

toss, craft beer tasting, personalized acrylic paperweights, palm readers and waffle and tater tot stations, and more. A Green Screen Photography Booth let guests capture moments of this mesmerizing evening!

Generous underwriting and sponsorship donations had a significant impact on the fundraising success for this annual event. The entire cost of the event was underwritten by our generous donors. Corporate sponsors included: Bricker & Eckler, Fifth Third Bank, Phillips Supply Co., SC Ministry Foundation, and Seven Hills Anesthesia.

The Good Samaritans is a dedicated volunteer organization of Good Samaritan Hospital Foundation and includes members with ties to the medical and business community. The Good Samaritans have raised \$8.4 million in their history. This year's Gala Chairwoman was Holly Mouch and her Co-Chairwomen were Felicia Burger and Mary Beth Schmidt. They worked diligently with other Gala committee volunteers and with physician champion Dallas Auvil, MD.

WELCOME

New Board Members

RANGA BRAHMAMDAM, MD

"Joining the Foundation Board is an opportunity to show my gratitude and to give back," says Ranga Brahmamdram, MD of the TriHealth Cancer Institute. Dr. Brahmamdram is a board certified hematologist/oncologist and has served patients in this role at TriHealth for the past 17 years. During that time, Dr. Brahmamdram has also been part of the Internal Medicine Residency Teaching Faculty, and most recently helped lead the effort that resulted in Good Samaritan becoming the first in the nation to receive the designation as a Center for Excellence for Leukemia by the Joint Commission. Dr. Brahmamdram earned his medical degree at Guntur Medical College in India, completed his residency at Columbia University in New York, and his fellowship at the University of Cincinnati.

When asked about what he hopes to contribute through his time on the Foundation Board, Dr. Brahmamdram has a clear vision: "I would like to focus on integrating Pastoral Care with Psychology services for our patients to meet all of their needs. I also want to help the Residency Program to build upon the work we have done training physicians. It means a lot for me to serve on the Board." The Foundation is thrilled for Dr. Brahmamdram to bring his talents and passion to the Board.

SR. LOIS JEAN GOETTKE

Sr. Lois Jean Goettke, SC, joins the Foundation Board with deep roots at Good Samaritan. A Price Hill native, Sr. Lois was born at Good Samaritan and later volunteered in the mail room and registration office as a young Sister of Charity studying to become a nurse. With Good Samaritan's founding by the Sisters of Charity, Sr. Lois says she wants to help ensure Good Samaritan keeps the marginalized members of our community "in the forefront of decisions that are made... That is why the Foundation is so important."

Currently, Sr. Lois is the Pastoral Associate for Holy Family Parish in Price Hill. Prior to her work at Holy Family, Sr. Lois served in past ministries through teaching at elementary schools as well as serving as an elementary school principal. Sr. Lois holds a Bachelor of Arts in Elementary Education from Mt. St. Joseph University, as well as a Master of Elementary Education from the University of Dayton. The Foundation is grateful for Sr. Lois's focus on mission and connection to our spiritual heritage. As Sr. Lois says, "Together, we can improve the health status of the people we serve."

ROBERT SCHILLER

Robert M. (Bob) Schiller comes to the Foundation Board with deep gratitude for Good Samaritan. A Certified Public Accountant, he is a founder and Chief Strategic Officer at Cassidy Schiller & Associates, Inc., specializing in tax and consulting services to a large variety of privately held companies. Bob helped form Cassidy Schiller in 1990 in order to exclusively serve local and regional businesses headquartered in the tristate area. Bob holds a Bachelor of Science degree in Accounting and a Master of Business Administration, both from Xavier University. The Foundation is looking forward to Bob sharing his experience and expertise.

Bob says his decision to join the Foundation Board was a simple one. Bob and his wife, Kelly, credit Good Samaritan for saving their daughter's life. Their second daughter of four was born 14 weeks early at just under two pounds. "Without Good Sam, we would not have our daughter Kate," Bob asserts. "The caregivers in the NICU did such a wonderful job and instilled confidence in us. Because of that care during the first month of her life, Kate is now a 19 year old sophomore in college." Bob says he is looking forward to serving on the Foundation Board: "I am very blessed, and I want to give back and help other families through Good Samaritan."

New Team Member

LORI FINAMORE

Lori Finamore is the Foundation's new Donor Relations Specialist, responsible for gift processing and database management. Lori comes to the Foundation after 16 years with BDO USA, LLP, an accounting, tax, audit, and consulting services firm where she specialized in billing and tax returns. Lori holds her Associate's Degree in Business Management from Cincinnati State.

A native Ohioan and Cincinnati resident since the age of eight, Lori is excited to be giving back to her community through her work at the Foundation. "I love working with people, and wanted to be part of the health care field because of that," says Lori. "This position at the Foundation allows me to use my skills and be part of an organization that takes care of people. It is very fulfilling." Lori has two children and is a big sports fan, enjoying spending time with her family and friends.

LIFETIME GIVING SOCIETIES

Two Powerful Words

Thank you

Thank you, two words that have a big impact! The Spirit of Compassion Program gives patients and their loved ones the opportunity to support Good Samaritan Hospital while saying, "thank you" to caregivers who made a difference during their stay.

Your gratitude and generosity is felt by each Spirit of Compassion recipient and makes a difference to the patients we serve.

Please take the time to show your appreciation by making a gift in honor of a physician, nurse, or team member that has shown compassion and provided quality, competent care.

A sampling of these heartfelt messages is below.

Shaina Eggers, RN

“We are forever thankful to Shaina, and to Sue and to every single nurse who so beautifully and compassionately cared for him.”

James Maher, MD

“Dr. Maher is giving me the best care possible. I have full confidence in his treatment plan for me. Doctor Maher is caring and kind and I appreciate him so much.”

Prudence Tante Takougang, MD

“Dr. Tante is the best Dr. ever! She is very caring and compassionate. I so appreciate the care she gives. I sure hope she is around to take care of me as long as I live.”
