Biannual News from Good Samaritan Hospital Foundation • Fall 2017

Making an Impact

Dear Foundation Family:

As I reflect upon this past fiscal year, there is one word that comes to mind: impact. Our philanthropic gifts make a difference in so many different ways: on the husband and father receiving cancer treatment; on the student who is a single mother financing her own nursing education; on the families anxiously waiting for a loved one to come out of surgery; on the premature newborn in the NICU; on the husband and wife who lost their health insurance but can still access care.

You impact lives in a profound and meaningful way, every single day. Your gifts are an investment in the health and well-being not only of the individuals Good Samaritan serves, but also of our entire community. When our community is healthier, our shared quality of life is better.

In this issue you will see the impact we have made as a Foundation Family through our collective gifts in our Annual Report and Year in Review on pages 2-5. In addition, you will read Impact Stories from some of our family members as examples of how philanthropic gifts make a difference. We also celebrate our Good Samaritan College scholarships, made possible by you.

Through the pages that follow, I hope you will see your gifts to Good Samaritan come to life. Thank you for your generosity, for your investment, and – most of all – for your impact.

Gratefully,

A handwritten signature in black ink that reads "Mary L. Rafferty". The signature is fluid and cursive.

FY 2017

IMPACT

FISCAL YEAR 2017 IN REVIEW:

OUR FOUNDATION FAMILY

Through the Foundation's unrestricted investments, the Foundation Board of Trustees distributed **\$1.171 million**. \$1 million is supporting the TriHealth Way, an effort to continue our legacy of high quality, compassionate care as we move into the future of health care. One example is the Innovation Center that will collect, implement, and analyze team members' quality improvement ideas that will enhance patient care. \$171,000 is supporting Good Samaritan Hospital's Behavioral Health Department in their effort to provide specialized addiction services training to clinicians and team members. This will improve care for patients with opiate and other substance use disorders.

The Foundation and our donors invested **\$3,997,246** into Good Samaritan Hospital to impact in the following areas:

- Supporting patients and families
- Creating healing environments
- Caring for the community
- Educating the caregivers of today and tomorrow
- Innovating the future of care

The Good Samaritan Hospital Guild also continued its support of many initiatives within Good Samaritan by awarding nearly **\$200,000** for equipment, supplies, and more that directly impact patient care. Some examples include NICU quilts, an ultrasound machine, a bariatric patient treatment table, and cardiac rehab equipment.

IMPACT

FISCAL YEAR 2017 IN REVIEW:

MAKES A DIFFERENCE

At Good Samaritan College of Nursing and Health Science, donors supported over **100 scholarships** totaling more than **\$153,000** in scholarship assistance for students in the 2016-2017 school year.

The Good Samaritans of Good Samaritan Hospital Foundation held their 33rd Annual Gala which raised **\$524,000** to support the renovation of the Faculty Medical Center for Pregnancy and Women's Health, along with annual support of the Good Samaritan Free Health Center and Medical Education Research Fund. The Good Samaritans have cumulatively raised more than **\$7.8 million** through this annual event.

At the Good Samaritan Free Health Center, approximately **200** volunteer physicians, nurses, dentists, dental hygienists, psychologists, physical therapists, receptionists, and more treated patients during more than **8,000** visits for primary, specialty, dental, and behavioral health care. The Foundation's donors gave **\$641,402** in support to make all of this possible.

IMPACT Bright Ideas Come to Life

One person with one idea can make a big impact. This was true when the Sisters of Charity founded Good Samaritan over 150 years ago, and is still true today. Good Samaritan Hospital Foundation's priority has always been to continue this impact by ensuring compassionate care that lasts a lifetime. In order to do this, the Foundation supports Good Samaritan's current needs as well as continuous improvement efforts.

In Fiscal Year 2017 the Foundation Board of Trustees distributed \$1 million to support such efforts at Good Samaritan Hospital through the TriHealth Innovation Center. Bright Ideas is the Innovation Center's phase one initiative to gather and embrace team members' ideas to create improvements, both big and small, throughout Good Samaritan and the entire TriHealth system.

It is often our team members on the front lines of care and service who have the best ideas to make improvements. Now, there is a dedicated team, system, and process in place to capture, implement, and evaluate the impact of team members' Bright Ideas. Since the Innovation Center launch in the spring of 2017, more than 300 Bright Ideas are currently underway at Good Samaritan.

Below is a sample of these ideas:

- **Phone Charger Stations** – At the Good Samaritan Hospital Operating Room waiting area, there are no phone chargers for family members to use. Most of these family members are at the hospital anywhere from 2-12 hours, and would greatly appreciate this amenity.
- **Sibling Bracelets** – When mothers come in to deliver their newborn, it is a process for the entire family; including siblings can make a big difference. Since the babies get bracelets, as well as the parents, the siblings should also get a bracelet to make sure everyone knows they are a "Big Sister" or "Big Brother". These little gestures go a long way.

As it is often said, one life touches so many. Because of the Foundation's support, all Good Samaritan team members are able to touch countless lives by bringing their ideas to life. These ideas improve patient care, create healing environments, and support patients and families. By investing in our team, we ultimately invest in our community.

Labor & Delivery/Fetal Care Center Team Members Penny Muench; Laurie Bambrick, MSN, RN, NE-BC; Kristy Johnson, MSN, RN with the sibling bracelets; and Christy Longano, MSN, RN, RNC-LRN

Big Fat Italian Gala Leads to Big Impact: Concussion Management Program

Standing, Marie Miller, PTA; Seated, Sue Augspurger, PT, both of Good Samaritan Hospital Concussion Management Program

On a February night in 2016, more than 630 of our Foundation family and friends gathered to celebrate My Big Fat Italian Gala, which raised funds to create the Good Samaritan Hospital Concussion Management Program. Since that evening, the TriHealth Orthopedic and Sports Institute has been working to turn your Gala support into the first dedicated, comprehensive concussion program in the Greater Cincinnati area. We are excited to share our collective progress and impact.

Throughout 2016 and early 2017, the state-of-the-art equipment was ordered and installed. This equipment provides new and improved computerized diagnostic and treatment capabilities, such as:

- Measuring how quickly someone can see and interpret basic information.
- Determining if a concussion will lead to a variety of symptoms such as headaches, blurred vision, and dizziness.
- Making recommendations on when it is safe to drive, run, and return to a sport.
- Testing and training on balance that helps patients regain higher levels of function.
- Using video goggles that assess eye movement disorders to determine the best modes of treatment.

There have been more than 600 patient visits thus far using the above equipment. In addition to athletes, the program has expanded to treat patients who have suffered concussions from instances such as falls and motor vehicle accidents. Dr. Emily Dixon, 2016 Gala Physician Champion, is also training physicians and care teams throughout TriHealth in order to increase the impact of the program to more people in our community.

The impact that one night of generosity and celebration can have is truly remarkable. It is you who has made this possible, and we are grateful for the difference you make through supporting The Good Samaritans' Gala.

“Because of the Gala support, our team is deeply grateful to everyone who has helped make this program a reality.”

– Emily Dixon DO
2016 Gala Physician Champion

Check out the back cover of this issue for Save the Date information on the 2018 Gala!

IMPACT

Jacob G. Schmidlapp Trusts, Fifth Third Bank, Trustee Transform Cancer Care

The Jacob G. Schmidlapp Trusts, Fifth Third Bank, Trustee partnered with us in our effort to create healing environments through a grant award of \$250,000 to support the renovation of the Radiation Oncology Department at Good Samaritan Hospital. Early this fall, the vision for this gift has been realized with the completion of the renovation.

Michael Shehata, MD, TriHealth Cancer Institute; Heidi B. Jark, Senior Vice President & Managing Director, The Foundation Office, Fifth Third Bank; Mark G. Witte, Executive Director, TriHealth Cancer Institute

The Radiation Oncology renovation is part of the TriHealth Cancer Institute's Good Samaritan Hospital Campus. It has created a fully coordinated system of care that includes medical oncology, radiation oncology, and ancillary and support services that navigate care for patients from diagnosis through treatment and survivorship.

The Jacob G. Schmidlapp Trusts generously gave \$500,000 to serve as the lead gift for the renovation of the Outpatient Cancer Center in 2013, the first phase of the creation of the TriHealth Cancer Institute's Good Samaritan Hospital Campus. It is fitting that this most recent grant completed the fundraising necessary for the renovation of the Radiation Oncology Department, which is the final phase of the TriHealth Cancer Institute's Good Samaritan Hospital Campus. We are grateful for the Jacob G. Schmidlapp Trusts for producing better outcomes, creating a better patient experience, and improving the lives of cancer patients and their families in our community. The impact of their gift has just begun.

IMPACT

The Farmer Family Foundation Waiting Area: Peace for Patients and Loved Ones

The Farmer Family Foundation also joined us in creating a healing environment in the Radiation Oncology Department through a generous \$100,000 gift to establish The Farmer Family Foundation Waiting Area, completed in early fall.

Because of The Farmer Family Foundation's gift, this space is now an inviting, comforting place for patients as they receive comprehensive, compassionate cancer care on their journey to survivorship.

We understand that cancer affects not only the person with the disease, but also the patient's family and friends. With ample space for patients and their loved ones, the new Farmer Family Foundation Waiting Area makes an impact with up-to-date amenities and serene surroundings that encourage peace and healing.

*Encouraging
peace and
healing
through
compassion
toward
others.*

NATIONAL DOCTORS' DAY Honoring Those Who Care for Us

National Doctors' Day is observed every year on March 30th as a way to recognize physicians and the work they do for us and our community. In 2017, Good Samaritan Hospital Foundation invited grateful patients, families, and donors to celebrate National Doctors' Day by making a gift in honor of a physician who made a difference in their lives.

More than 100 Good Samaritan and TriHealth physicians were honored for National Doctors' Day through tribute gifts and heartfelt notes of gratitude. Our doctors were deeply moved and thankful for this special recognition. You can find the names of donors and the doctors they honored in the Tribute section beginning on page 16.

The next National Doctors' Day is March 30, 2018. Please consider honoring a compassionate physician through a gift to an area at Good Samaritan that means the most to you. In order to ensure we can deliver your note and recognize your physician on Doctors' Day, please make your tribute prior to March 30.

ALSO REMEMBER: you do not have to wait! Tribute gifts in honor of doctors and caregivers may be made all year round by visiting www.gshfoundation.com or calling the Foundation at 513 862 3786.

IMPACT

Guided by Faith

Marc A. Alexander, MD and Barbara Alexander

For Dr. Marc and Barbara Alexander, their Catholic faith is the foundation for how they live their lives. It is what has guided their family, their careers, and the way they interact with those around them every single day. It is what led Dr. Alexander to become an ordained deacon in the Catholic Church. It is also what has guided their passion for serving and giving back, which continues to make an impact on Good Samaritan and our entire community.

Dr. Alexander first became involved in Good Samaritan in the 1970s when he worked as an Orderly in the hospital. He then attended medical school and completed his residency outside of Cincinnati, returning home in 1984 to practice internal medicine as a primary care physician. Since that time he has been part of Good Samaritan Hospital, actively involved in the teaching faculty as well as the Medical and Dental Staff.

When asked why he has been at Good Samaritan all these years, Dr. Alexander says, "All of the characteristics that I think a hospital should have, Good Samaritan has. It is consistent with our Catholic identity and values."

Dr. Alexander also emphasizes that he makes sure his patients are treated at Good Samaritan because of the care. "You're only as good as the people around you," he states, "and the people at Good Sam are good. Really good." Throughout the years, the Alexanders have made gifts to various areas of Good Samaritan such as medical education, the team member emergency fund, and The Good Samaritans' Gala. Most recently, the Alexanders made a \$25,000 gift to the Good Samaritan Free Health Center. Dr. Alexander was the physician champion to help get the Free Health Center off the ground in 2011, and continues to volunteer to this day.

Both Dr. Marc and Barbara are passionate about the Free Health Center, stating that caring for the disadvantaged and uninsured is central to Good Samaritan's mission. "This is what we're about," Dr. Alexander says. "This is who we are here to serve." With the Free Health Center caring for uninsured patients during more than 8,000 visits this past fiscal year, the Alexander's gift and those like it make a significant impact on the people of our community.

"You're only as good as the people around you, and the people at Good Sam are good. Really good."

For the Alexanders, giving back to Good Samaritan is essential. "We both have deep roots in Cincinnati," says Barbara. "We appreciate the hospital being here for us all our lives, and we hope it can continue to be there for our children and grandchildren in the future." Adds Dr. Alexander, "The central tenet of the Catholic faith is 'love one another.' We are just trying to do what God calls us to do: love one another." Through their gifts, and guided by faith, the Alexanders are living this calling.

IMPACT Cultivating the Mind and Heart

Cultivation has always been an innate passion and skill for Dr. Richard E. Welling. Whether it is tending to the farm where he lives with his wife Darlene, educating others during his more than 40 years at Good Samaritan Hospital teaching surgical residents, or giving back through the Foundation, Dr. Welling is devoted to growing and shaping the future.

It was a chance meeting with the brother of a Good Samaritan doctor during his undergraduate studies that led to a job as a surgical technician, a job that “changed everything,” says Dr. Welling. During his general surgery training at Harvard he discovered his natural talent and desire to teach younger residents, noting, “I’d rather teach someone how to perform a surgery instead of doing it myself.”

When Dr. Welling returned to Good Samaritan he began teaching, and soon after took on the simultaneous roles of Chairman of the Department of Surgery, Program Director of General Surgery Residency, and Program Director of Vascular Surgery Residency. After 25 years in these positions, he became the Vice President of Academic Affairs for TriHealth until his retirement in 2015. When asked to reflect about his time at Good Samaritan, Dr. Welling says, “I’m proud of the residents I trained. Some of them are now surgical program directors themselves all over the country. It feels good that they have continued the legacy of teaching others.”

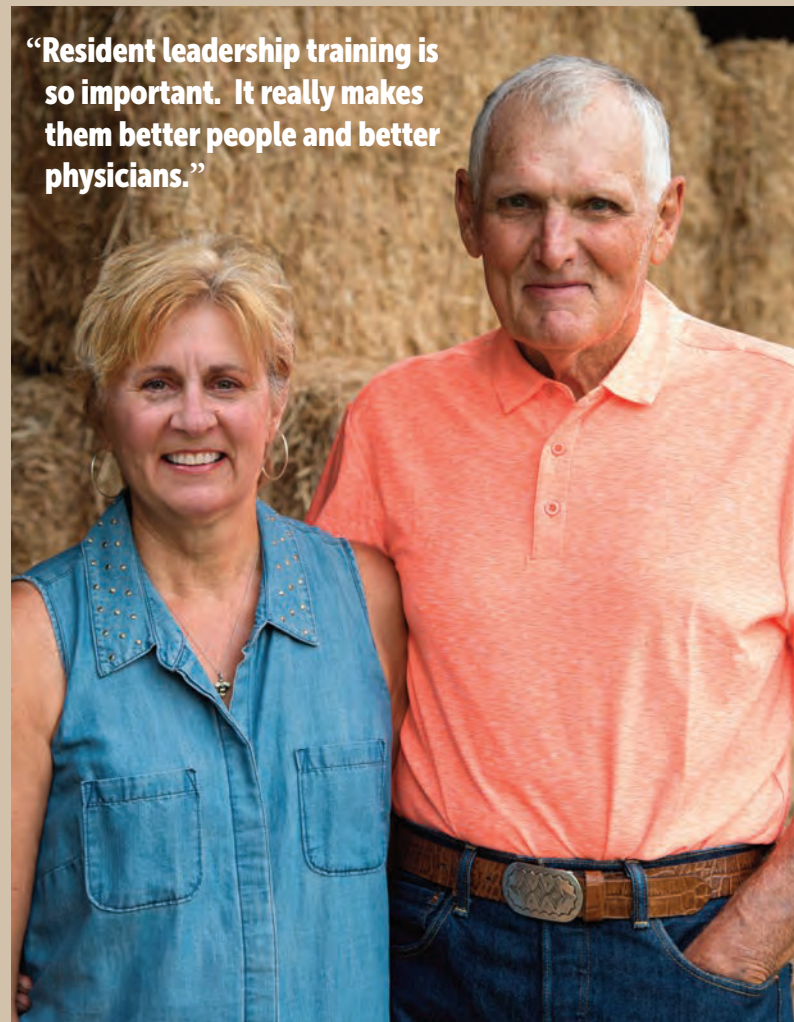

Throughout his career, both he and Darlene have generously given back to Good Samaritan through support of various efforts within medical education as well as The Good Samaritans’ Gala. Darlene served as Gala Chair in 2003 and Co-Chair in 2011. Emphasizing the importance of philanthropy, Darlene says, “I’m strictly of the philosophy that to whom much is given, much is expected. We feel extremely blessed, and to be able to give back through the Foundation is a wonderful thing.”

The impact of Dr. Welling’s work culminated in a surprise gift at his retirement celebration. Dr. Kevin Grannan, Program Director of General Surgery Residency, and Dr. George Kerlakian, Chairman of the Department of Surgery, worked with the Foundation to raise more than \$250,000 to create the Richard E. Welling, MD Fund for Resident Leadership Training. “It was pretty special,”

says Dr. Welling. “It was something they knew I would appreciate, and it will last forever.” He and Darlene were so touched and inspired that they donated \$25,000 to the funds as well. “Resident leadership training is so important. It really makes them better people and better physicians,” Dr. Welling remarks.

Just as they cultivate the crops, bees, and other animals on their farm, Dr. Richard and Darlene Welling will continue to cultivate the minds and hearts of generations of physicians to come. The impact of their work and their gifts will continue to grow as they shape the future for the better, one person at a time.

Darlene Welling and Richard E. Welling, MD

“Resident leadership training is so important. It really makes them better people and better physicians.”

IMPACTING THE FUTURE

Good Samaritan College Annual Scholarship Banquet

Good Samaritan College of Nursing and Health Science held their annual Scholarship Banquet on August 20, 2017. Thanks to the ongoing support of our scholarship donors, GSC was able to award 100 scholarships totaling more than \$197,000 for the 2017-2018 school year!

▲ Mamadou Sane, Stephen Jason Morsch 8 Days 1 Hour Scholarship Recipient Marguerite Sane, and scholarship donors Jason Morsch, Beth Morsch, and family

◀ Josephine Walters CareStar Scholarship donors Pamela Zipperer-Davis, Nancy Gruber, and Tom Gruber with recipients Ryan Schumann, Ashleigh Mahle, and Abigail Lucas

Philanthropic gifts make these scholarships available each year. In addition to helping with tuition, scholarships provide many more benefits to students and their families. Donor-supported scholarships reduce student debt, increase students' in-demand skills, and position students for long-term success. In addition, the high-quality GSC education students receive ensures they will become skilled, competent, and compassionate caregivers that our community needs. Scholarships not only positively impact students and families, but also everyone the students will care for into the future.

GSC awards would not be possible without the support of our generous alumni and friends. Thank you for educating the caregivers of today and tomorrow.

On the following page you will see testimonials from students which describe the true impact of donor-supported scholarships. For a full list of 2017-2018 scholarship recipients, please visit www.gshfoundation.com and click on Donor Recognition.

GOOD SAMARITAN COLLEGE
OF NURSING AND HEALTH SCIENCE

Class of 1961 Scholarship

"Receiving a scholarship is such a blessing. I am so grateful that someone that doesn't even know me is willing and generous enough to invest in me and my education. It gives me a little extra motivation to work hard and be successful in my nursing career because I want to show the donors that they made a great investment. I love that I get to meet my scholarship donor. We write letters to the donors to say thank you but I think it's nice to actually get to spend a couple hours with them so they can get to know who they are investing in and to also look them in the eyes and say thank you for all of their help."

– Kyle DiPuccio

Kyle DiPuccio, Ruth Ann Ravenna '61, Morgan White

Rita Ross Bramkamp, Meredith Miller

Edward* and Rita Ross Bramkamp Scholarship

"The Good Samaritan College of Nursing and Health Science banquet was an enriching and meaningful ceremony that brought together generations of nurses and loved ones allowing us to learn the history and legacy of Good Samaritan Nursing. It truly embodies what GSC is all about. It was touching to see the generosity of so many people and how their experience at Good Sam impacted them so deeply. Being awarded this scholarship means so much to me the generosity and kindness was so touching. I am so grateful and appreciative to have been chosen for this honor. This gift means so much since I have the entire financial burden of my education. Having a complete stranger want to assist me with that burden is beyond words. I hope one day I will be in the position to pay it forward and help a future nursing student with his or her tuition. I admire the generosity and kindness of my donor and she has inspired me more than just giving me a financial gift but, also by being an example to me."

– Meredith Miller

Karen Ann Mulholland Scholarship

"I am blessed receiving this scholarship, but I am even more blessed to know someone I just met that has such strong faith in the nurse I'm becoming."

– Courtney Alexander

Courtney Alexander, Karen Ann Mulholland

Good Samaritan Hospital Guild News

The Annual Membership meeting of Good Samaritan Hospital Guild was held in May 2017. At this meeting the new Guild President, Sandy Kiefer, and new Guild Vice President, Anne Cooksey, were installed and began their two-year terms on July 1, 2017. Other appointed officers include: Carol Mayborg, Recording Secretary, and Darlene Ambach, Corresponding Secretary (completing an unexpired term).

2017 - 2018

Officers of Good Samaritan Hospital Guild

Sandy Kiefer, President

Anne Cooksey, Vice President/President-Elect

Trina McAlister, Treasurer

Darlene Ambach, Corresponding Secretary

Carol Mayborg, Recording Secretary

Fran Conners, Immediate Past President

Candy Hart, Chairperson, Activities

Amy Hayden, Chairperson, Birth Certificates and Baby Photos

Mary Griffin, Chairperson, Gift Shops

Ann Mullins, Chairperson, Membership

Terry Miller, Chairperson, Special Projects

Lilly Ashbrook, Parliamentarian

Carol Mayborg, Anne Cooksey, Sandy Kiefer, and Jamie Easterling, Executive Director of Hospital Operations

Lilly Ashbrook, Ann Mullins, Candy Hart, Terry Miller, and Amy Hayden

WHY NOT BECOME A MEMBER!

Membership in Good Samaritan Hospital Guild is easy and you will make a difference. By becoming part of Good Samaritan Hospital Guild you will:

- Become part of a winning team that raises money to support Good Samaritan Hospital projects and programs
- Enjoy social, fundraising, and educational activities
- Make new friends and reconnect with old friends
- Make a difference in your department/workplace

JOINING IS EASY!

There are different levels of membership:

Active Membership - \$6 Annually

Currently serving as a Good Samaritan Hospital Volunteer

Associate Membership - \$15 Annually

Supports Guild through annual dues, however, is not a current volunteer

Lifetime Membership - \$100

Supports the Guild through a one-time donation

TriHealth Team Membership - \$10 Annually

Currently a TriHealth Team Member who wants to support Good Samaritan Hospital Guild.

If you are interested, and we hope you are, please contact Lynn Meyer at Good Samaritan Hospital Foundation, 513 862 1258 or lynn_meyer@trihealth.com to receive an application.

| NEWS FROM

The Good Samaritans of Good Samaritan Hospital Foundation

The annual membership meeting of The Good Samaritans of Good Samaritan Hospital Foundation served as the backdrop for the awards from The Good Samaritans' 2017 Gala – Under The Big Top. Donna Lambers, MD made the following distributions from this annual event:

2017 GALA DISTRIBUTIONS

\$347,690

Good Samaritan Hospital Faculty Medical Center for Pregnancy and Women's Health

\$10,000

Good Samaritan Free Health Center

\$10,000

Medical Education Research Fund

\$367,690

TOTAL

Also at the annual meeting, Holly Mouch was introduced as the new President and 2018 Gala Chairman for The Good Samaritans. Also introduced were her co-chairs, Felicia Burger and Mary Beth Schmidt. The 2018 Gala will be held on Saturday, February 10, 2018 at the Hyatt Regency in downtown Cincinnati. The theme of this event will be "Illusions – Expect the Unexpected" and will support Good Samaritan Hospital, Behavioral Health Services Drug and Alcohol Treatment Program. Dallas Auvil, MD will serve as the Physician Champion for this event.

2017 - 2018 Officers of The Good Samaritans

Holly Mouch	President
Joyce Lehmann	Vice-President
Donna Lambers, MD	Past President
Susan Cranley	Recording Secretary
Susan Manegold	Treasurer
Shiva Ghazi	First Year Directors
Jennifer Pavelka	
Kristin Coppage, MD	Second Year Directors
Felicia Burger	

Kristin Coppage, MD, Shiva Ghazi, Holly Mouch, Donna Lambers, MD, and Joyce Lehmann

Tributes

Names marked with a red asterisk indicate grateful patients who honored a physician or team member on National Doctors' Day. If you would like information on honoring a physician, please contact Kelly Rowland, Director of Development at 513 862 3787 or kelly_rowland@trihealth.com.
