Application Overview

As you and your organization prepare the description of your program/project as part of the Community Grant Application, please use the following questions to guide your response.

- What are the goals and objectives for program/project?

- What are the ways the program/project will impact one of the Community Health Needs? (Mental Health, Alcohol and Drug Abuse, Access to Healthcare, Food Insecurities and Obesity and/or Healthy Behaviors)

- What is the problem, challenge or need that is unaddressed or unmet? How do you know the need exists? How will your program/project address the need?

- How will the program/project will be implemented and how it will work?

- Is this program/project based on a program that has been shown to be effective in other settings? Is it based on national standards?

- If the initiative is a pilot project and has not been done before, list assumptions on why the new approach will succeed.
