

Your baby's care starts here!

Congratulations on your new arrival! As you prepare to bring your baby home, choose a pediatric provider you can trust for expert, compassionate care from day one.

Before you leave the hospital:

1. Select a TriHealth pediatrics provider
2. Schedule your baby's first appointment
 - *Schedule this appointment for 1-3 days after hospital discharge*
3. Bring your discharge paperwork to the visit

During your baby's first visit we'll:

- Complete a full newborn exam
- Check weight and feeding progress
- Answer your questions
- Review newborn screening and vaccines
- Provide guidance for safe sleep and infant care

Accepting new patients!

Why choose TriHealth Pediatrics?

Experienced pediatric providers
Board-certified pediatricians and advanced practice providers are dedicated to your child's health and development.

Newborn care from the start
Our comprehensive newborn visits include feeding support, weight checks, developmental guidance, and parental education.

Convenient access
Multiple pediatric locations throughout the region provide trusted care close to home along with easy online scheduling and patient portal access.

A partner to your family
We work alongside you through every milestone—from newborn to adolescence—with care that includes well visits, immunizations and same-day sick appointments.

Prenatal consultations and/or practice tours are available at TriHealth Pediatrics offices.
Please contact your preferred location for availability and scheduling.
