

Stephanie Hutzel M.A., CCC-SLP, has been a TriHealth team member for six years where she originally starting at Good Samaritan Hospital and then transitioned to the TriHealth Rehabilitation Hospital when it first opened. There she played a key role in starting the SLP FEES program and served as a member of the stroke committee helping to develop the stroke education program. She currently works at Bethesda North Hospital where she has a special interest in ICU early intervention and had an integral role in starting the in-line speaking valve program for ventilated patients. Stephanie has been a speech language pathologist for thirteen years and has worked in multiple settings such as home health, skilled nursing, inpatient rehabilitation, and acute care hospitals. She went to the University of Cincinnati for both her bachelor and master's degrees. She also assisted with starting the student SLP program.
