

Carlotta Prather, 48, stroke survivor, is the Executive Manager/CEO of the Creation Museum Ark Encounter. On March 5, 2023, when Carlotta was sleeping, she felt something jolted her out of her bed. Her husband, Mike quickly dialed 9-1-1, and activated the Emergency Medical Services who quickly transported her to St. Elizabeth Hospital, Florence where she was found to be suffering an ischemic stroke in the basilar and posterior arteries. Her story demonstrates how her faith in God and the community working together can make a difference. She has recently returned to the job she loves and doing the things she loves to do.
