

Taylor Wendel PT, DPT

Taylor Wendel has been a physical therapist for 8 years and holds a doctorate in physical therapy from Ohio University. Taylor currently works as a physical therapist at TriHealth Rehabilitation Hospital where she has gained experience working with a variety of patient diagnoses. Taylor is an active member of the SNF committee which works to increase the percentage of home discharges through creative problem solving. She is also the physical therapy student coordinator. Currently, Taylor is working toward her vestibular certification through IAMT and is passionate about improving treatment for patients with vestibular dysfunction.
