

# TriHealth Weight Management

With more than 100 combined years in the field, the TriHealth Weight Management team is Cincinnati's most experienced at helping patients lose weight and gain the skills to keep it off. We use a coordinated, multidisciplinary approach, where our professionals partner with patients every step of the way through screening, participation and completion of the bariatric surgery program and medically managed weight loss program. This includes comprehensive and long-term follow-up to help patients successfully maintain the lifestyle changes.
