

## Respiratory Season Restrictions

To protect our patients and team members, we recommend minor updates to the Inpatient Visitor Policy effective December 23rd, until respiratory season ends.

### Inpatient & Outpatient Visitor Policy Updates at All TriHealth locations Include:

- No visitation by anyone who is ill with any of the following symptoms: coughing, sneezing, runny nose, fever, diarrhea, etc.
- TriHealth staff may request that ill children or adults leave the unit(s) if they are clearly symptomatic with a respiratory illness.

### **Team Member Restrictions for those who did not receive a Flu Vaccine due to Medical/Religious Exemptions:**

- Must wear a surgical mask when within 6 feet of a patient. Team member restrictions are in effect until the end of respiratory season.
