PGY2 Internal Medicine Pharmacy Residency Program Cincinnati, Ohio

Program Purpose

The PGY2 IM pharmacy residency program at Good Samaritan TriHealth Hospital is designed to build on Doctor of Pharmacy (PharmD) education and PGY1 pharmacy residency programs to contribute to the development of clinical pharmacists in specialized areas of practice. PGY2 residencies provide residents with opportunities to function independently as practitioners by conceptualizing and integrating accumulated experience and knowledge and incorporating both into the provision of patient care or other advanced practice settings. Residents who successfully complete an accredited PGY2 pharmacy residency are prepared for advanced patient care, academic, or other specialized positions, along with board certification, if available.

Residency program information

The Postgraduate Year Two (PGY2) Internal Medicine Pharmacy Residency Program conducted by Good Samaritan Hospital in Cincinnati, Ohio, is fully accredited by the American Society of Health-System Pharmacists (ASHP).

Duration: 12 months

Number of positions: 1

Estimated annual salary: \$54,350 plus benefits

Program start date: July - flexible depending on PGY1 end date

Resident activities include but are not limited to:

- Interdisciplinary rounds
- In-services and journal clubs
- Precepting pharmacy students
- Major research project
- Participation in national and regional conferences
- Graduate Medical Education lectures
- Participation on P&T and other committees
- MUE and new drug reviews

Preparation of a manuscript for the major research project suitable for publication is required for completion of the residency program.

Residents will be awarded a certificate upon successful completion of program requirements.

Resident Well-Being & Resilience

Residents and all team members have the right to work-life balance, emotional and physical well-being, and the avoidance of undue stress related to the work environment. In addition to permitting residents to utilize all accrued paid time off during the residency year, residents have access to formal and informal health and wellness programs as a team member of TriHealth. See our website for more information on our approach to resident well-being & resilience.
