Call our office first to choose the best place for care.

When you are sick remember these 3 choices:

1. **Please call us first. A TriHealth team member is available 24/7 to assist you.**

   - Did you know that you can call our office – even after-hours – for medical advice?
   - We will help you decide if you need to see us, go to priority care or go straight to the emergency department.

2. **If it is not an emergency, you can be seen at one of our TriHealth Priority Care locations, at the nearest TriHealth Clinic at Walgreens, or start an E-Visit via MyChart. Visit TriHealth.com/get-care-now or scan the QR code.**

   - TriHealth Priority Care is part of TriHealth Physician Practices, which means that your medical record is shared between TriHealth Priority Care and us.
   - TriHealth Clinic at Walgreens is another easy way to complete non-emergency visits with a nurse practitioner when we are not available.
   - E-Visits are a convenient, affordable and secure way to communicate with your primary care team via MyChart.

3. **If it is a clear emergency, you should always call 9-1-1.**

   Clear emergencies include severe chest pains, uncontrolled bleeding, severe difficulty with breathing. You can ask emergency responders to take you to an emergency department closest to you.

   TriHealth emergency departments are:

   - Bethesda North Hospital
   - Bethesda Butler Hospital
   - Good Samaritan Hospital
   - McCullough-Hyde Memorial Hospital
   - Bethesda Medical Center at Arrow Springs
   - Good Samaritan Medical Center at Western Ridge

It is our privilege to provide you with the right care, at the right place, at the right time. Please call us anytime so we can help guide you.
